gyang7@uw.edu | gyang0.github.io | linkedin.com/in/gyang0

Education

University of Washington – *B.S. Physics, minor Greek* Expected 2030
Purple & Gold Scholarship

Stanford Online High School 2026

Relevant coursework: Light & Heat | Modern Physics | Introduction to Quantum Computing
Linear Algebra | Differential Equations | Real & Complex Analysis
GPA: 3.98/4.0

Experience

Linguistics Intern, Dickinson College Jun 2026 – Jul 2026

- Applied OCR software to create reading guides for Petronius's *Satyricon*
- Analyzed 500+ pages of digital transcripts, researching across 4 databases
- Collaborated with 9 fellow interns to publish online Latin resources for Dickinson College

National Finalist, International Physics Olympiad Jan 2026

- Trained in experimental physics at Seoul National University's labs
- Analyzed optical data, designed experiment procedures, fine-tuned lab equipment
- Shortlisted (17 nationwide) for Korea's APhO & IPhO team by passing theoretical exam

Junior Lab Assistant, Korea Advanced Institute of Science & Technology (KAIST) Jun 2025 – Jul 2025

- One of 100 chosen nationwide from standard high schools
- Collected data for experiments using PASCO Capstone and visual tracking software
- Assisted KAIST professors with demonstrations and lab experiments

Co-Leader & AV Editor, Pixelstra: Stanford OHS String Orchestra Aug 2022 – June 2026

- Learned audio mixing to regularly edit performance audio/video for 4 years
- Arranged yearly performances at Graduation, Homecoming, & Pixel Festival
- Organized rehearsal schedules and performer lists for 20+ members
